## CAR BARN BURNED

The Old Dummy Barn Completely Destroyed.

ENTAILING A LOSS OF OVER \$30,000

A Midnight Fire Licks up and Consumes Thirty Summer Street Cars and Destroys Two Houses, Belonging to Asa F. Finch, on East-Cor.

The dummy barn, at the corner of East and Sherman-sts., and two houses were destroyed by fire last night.

An alarm was sounded from box 262 at 11:30, and the department responded promptly, but the nature of the buildings and their distance from any engine house made it impossible to save them, and it required sharp work to prevent a general conflagration. The fire was discovered in the southwest portion of the barn, in the part formerly used as a stable. The wind was blowing from the northwest and the flames were driven into the windows of an adjoining house on East-st., just south of the barn. The house was occupied by a family named Englewood, who had barely time to get out of their home when the flames broke out in the barn. But few of their household effects were saved, and their loss will amount to about \$200; no insurance. The house and the one adjoining it on the south were totally destroyed, and here the firemen checked the advance of the flames.

Thirty Cars Destroyed.

The fire rolled through the interior of the car barn and in about twenty minutes had consumed the open summer cars, valued at \$600 each, were destroyed in a few moments. Fortunately there were no horses in the stables. A Mrs. Day, who lived upstairs in the brick portion of the barn, had barely time to get her possessions out of the street when the fire was driven out by the advancing fire. The car storehouse and the sheds and all their contents are a total loss.

The two houses that were burned were the property of Asa F. Finch, and were worth about \$1500 each, fully insured. The loss on the car barn, sheds and cars will amount to something like \$30,000, partly covered by insurance. There was no person about the barn at the time the fire occurred, and as no lamp or lantern had been left about the building, the fire is supposed to be incendiary.

Base Instructions Against Strikers.

Some of the bystanders attributed the fire to the laborer while others indignantly repelled the accusation. It was a hot night's work and the department acquitted itself with great credit in confining the destroying elements to such narrow bounds. Had the buildings across East-st. caught there is no telling where the destruction might have ended, for it is one of the most densely populated districts in the city. The fronts of the buildings were scorched and a good many windows were broken, but water constantly and plentifully applied saved the flames from the conflagration from a safe distance.

The walls of the brick corner of the barn were saved, but the inside of the old office was completely gutted.

HOMES FOR TWO LITTLE WAIF.

Eva Smith, a little girl of eleven years, who has been living with her aunt, Mrs. Anna Coats, of 156 Grosby-st., has been deserted by her father and mother. The aunt, being unable to support her lonely, made application to the superintendent of the poor for her admission to the State Public School at Coldwater, yesterday afternoon. Application was also made yesterday for the admission of little Eddie and Maud Brockway, aged six and seven years, respectively. They are orphans and have been living with their uncle, Elmer Thompson, who is unable to provide for their support.

MASONIC HOME BENEFIT.

The ladies of the Masonic Home Aid society are preparing a delightful entertainment of choice music by the elite orchestra, dancing, cards and refreshments for Thursday evening to be held in the lecture hall of the Masonic Temple in the Widdicombe building. Pedro will be a special feature of the evening. The proceeds of the entertainment will be devoted to furnishing of a room at the home which will be opened during the month.

YOUNG BUT DETERMINED.

James Heisel and Alice Tamney, of Algoma, were licensed to marry yesterday. James made application a few weeks ago for a license, but could not make it appear satisfactory to County Clerk Harvey that Alice was 16 years old and had to return without the permit. Yesterday he produced satisfactory evidence as the legal age of his intended and returned to the office of Algoma with a light heart and buoyant spirit.

JULY HAD PROSPECTS.

The board of directors of the Grand Rapids Horsemen's Association met last night at the Morton House to consider questions of privilege, etc., but a quorum not being present, another meeting will be called later. President Leathers hopes to secure Budd Dole's string of fast ones and C. J. Hamilton's team, the celebrated Belle Hamilton and Justice, the team that holds the record. It is expected that these horses will be here.

FOOD FOR A DEFENSIVE PLAN.

The house at 11 Waterloo-st., owned by George Young and occupied by "Frenchy" Russell and family and Mrs. George Washington, was destroyed at 1:15 yesterday. The building was fully insured, but the furniture of the occupants was a total loss. The fire was caused by a defective stove.

## MORE FROSTS PREDICTED.

Unusually Cold Weather Throughout the Northern States.

WASHINGTON, May 5.—The signal office furnishes the following special bulletin to the press: Unusually cold weather prevailed this morning throughout the entire northern portion of the country east of the Missouri and Mississippi rivers, the line of freezing temperature extending from southern Maine westward through western New York and Northern Ohio, and including the states of Michigan, Wisconsin, Minnesota and North Dakota. In Southern Michigan the temperature was the lowest on record for this season of the year, the minimum at Detroit being 23 degrees, or 1 degree lower than previously observed during the first decade of May. Severe frosts occurred throughout these regions, probably causing considerable injury to fruit and early vegetation. Frosts are indicated for tonight throughout New England and the middle states, the Ohio Valley, Kentucky, Tennessee and the lake regions.

Kalamazoo, Mich., May 5.—Some fruit growers in this section are greatly alarmed on account of the severe cold last night. Ice over half an inch thick formed on still water here, and some growers are confident that tender fruits were injured. Others say that the fruit trees are escaped.

New York, May 5.—Snow fell this morning at Albany and Auburn, N. Y. There was freezing weather at Medina, N. Y., and it is feared the fruit crop in that section is damaged. Snow also fell at North Troy and Rochester, N. Y. The night was 3 below freezing.

Shrewsbury, Mass. Last night's frost is feared to have badly damaged the cherry crop in Litchfield county, Connecticut.

It was decided to put in a duplicate system of piping from the pump house to the stand pipe. New piping will be put in in the annexed portion of the Third ward and on the west side of the river. New hydraulic wells and increased pumping facilities will be added.

And \$17.70 for the Privilege of Airing it in Court.

Mrs. Elizabeth Flynn, of Grand Rapids township, was convicted of assault in the circuit court yesterday and sentenced to pay a fine of \$1 and costs to the amount of \$17.70, or to be confined in the county jail for 30 days. She was given until June 30 to produce the money. The trouble grew out of a party held at the old Windsor farm house at the corner of the river. Mrs. Flynn was not on the best of terms socially, and while they were engaged in dancing Mrs. Flynn took careful aim at Mary and shot in her face. The shot cost her \$25.40.

SAYOR WINS HIS SUIT.

Commissioner Hughes Decides That He Was Illegally Elected.

The suit of Harry B. Sayor against Huntly Russell and Michael Ryan for forcible entry and detainer was heard by Commissioner Hughes yesterday. The defendants were found guilty and a judgment was given for full restitution of premises and costs amounting to \$10.80. The defendants immediately gave bonds at \$2000, with C. C. Constock and Geo. W. Thayer as sureties, for appeal to the circuit court. The suit grew out of the recent ejection of Landlord Sayor from the North Park pavilion.

HELD FOR KILLING MAN.

UNIONISTS, Pa., May 5.—Superintendent Gray, Yard Boss Agnew and Deputy Callahan, charged with the murder of striker John Mahan at Leisner, Sunday evening last, had a hearing today. Twenty families will be set out at that place today. This morning twenty-five Hungarian workmen who were taken to Leisner No. 3 last night refused to go to work and left the region.

DIDN'T BOB CONFEDERATES.

RICHMOND, Va., May 5.—The sudden death of George R. Crump, a well-known business man, recalls an incident in his life in connection with the James Gang. Mr. Crump some years ago while traveling in a stage coach in Arkansas was "held up" by the notorious outlaw. The James gang appropriated the vehicle and compelled all of the men in it to get out and form in a line. When the leader came to Mr. Crump he asked him if he had been a Confederate soldier. He replied that he had, when the highwayman returned him his watch and money, saying: "We never take a cent from a Confederate."

ARMED FOR CHILIAN REBELLION.

SAN FRANCISCO, May 5.—Ricardo L. Trumbull, of Santiago, Chili, representative of the congressional party, is in this city and explains the mysterious crime of the schooner Robert and Minnie, which is at Calistoga Island loaded with arms and ammunition. Mr. Trumbull says the cargo consists of 10,000 Remington rifles and 500,000 cartridges. They were shipped by rail from New York and arrived here April 22. ## BATTERING AT BILLS

The "Squawbucks" Tinkering With Far-Fetched Legislation.

PARKS' STREET CAR BILL HUNG UP

For Future Consideration—Gibbons' Interest Bill Still Alive—Two Colony Cottages for the Poor—The Appellate Court's Appointments.

LANSING, May 5.—The Judiciary Committee of the Senate this morning reported Senator Park's bill to regulate the hours of labor upon street and surface railways. The committee attached the following proviso to it: "Provided, however, that nothing herein contained shall prevent or prohibit employer and employee from making such contract as they may mutually desire with reference to the number of hours' labor for each day and the compensation to be paid therefor." Its further consideration was made the special order for next Tuesday.

The Senate passed a bill to provide for the incorporation of mutual benefit associations of miners, ironers, timbermen, landers, engineers, blacksmiths, carpenters and other laborers in mines; the bill amendatory of the law relative to a Supreme Court reporter, as to the employment of clerical assistants; and the House bill appropriating \$16,000 for the school for the blind for 1891-2.

The Senate Committee on Banks and Corporations reported, as a substitute for the bill to provide lady professorships in the University, a bill to authorize the employment of women as professor, instructors and lecturers in the University, to authorize the incorporation of the Woman's Auxiliary Association of the University, and to exempt from taxation the property held for its use and purposes.

The House bill to substitute for the bill on Representatives N. Finch and Carpenter, to amend the act relative to a tax on dogs and the payment for sheep killed by them, so as to send the monies raised to the townships, failed to pass the Senate this afternoon.

House Proceedings.

The house committee on public health this morning reported adversely on Representative R. C. Easton's bill to authorize any drug dealer who has been for a dispensing drugist for five years to register as a pharmacist upon the payment of the fee. The bill was referred to the committee of the whole.

The same committee also reported a substitute for Representative F. H. Smith's bill to require the slaughter within the state of all fresh beef, mutton and pork used in the state institutions. The substitute provides merely for inspection before slaughter.

Representative White's bill to apportion anew the representatives among the counties of the state came before the Senate with a slight amendment and was referred to the committee on appointment again.

The house concurred in the Senate amendment to the library appropriation bill, as amended. The Senate concurred in the house amendment to the appropriation for the year 1891-92 at \$8,000.

The House refused to pass L. S. Johnson's bill to amend the act for the relief of soldiers outside of the home so as to reduce the expense of collecting and disbursing the funds raised for that purpose. The bill was then reconsidered and recommitted to the committee on military affairs, with instructions to amend the bill so as to provide for a township fund.

The House also concurred in Representative Herr's bill to appropriate \$30,000 for building two colony houses and making other improvements at the Michigan Asylum for the Insane; Representative Barnard's bill to ascertain and give notice of the heirs of deceased persons; Representative F. H. Smith's bill to amend the general railroad law, so as to provide for the protection of farm crossings as effectively as street or highway crossings, in accordance with a recommendation of the late railroad commissioner, John T. Rich.

The committee of the whole in the afternoon, the House passed Senator Boughner's bill to create a department for the furnishing of supplies to State departments. All after the enacting clause of Representative Gibson's bill, to reduce the legal rate of interest to 5 per cent, was stricken out. Senator Stevens' bill to create the thirty-second judicial circuit, out of Ontonagon and Gogebic counties, was passed by the committee. After the committee rose the House refused to concur in the bill of Representative Gibson's bill, and it was placed on the order of third reading.

## GLIMME, THE SCALP, IN COURT.

Impetuous, Intractable and Interloping Itinerant Disposed of.

The county jail received with open arms Ed Harris and John Landers, two impetuous drunks from police court. Their tickets call for twenty days bond. The case against A. Kellogg, for cruelty to a horse, was nolle pro'd. The assistant prosecutor has not yet read "Black Beauty."

Jennie O'Donnell's case was adjourned to May 18, and it is likely she will be let down easy, as there was but little occasion for her arrest. Oscar Glimme, the young man who tried to scalp young Miss Monday night, will appear for examination Friday. Charles Price, a disorderly person, paid the price of liberty, which was \$5.35.

Len Remington and John Atkinson were given a partial examination. Mrs. Bass, the lady of the house where the articles were stolen, identified the goods produced in evidence. Mrs. McNally, her next door neighbor, identified the boys as the pair who came to her door inquiring for some one who did not live in the neighborhood, and some time after she saw them come out from Mrs. Bass' house with bundles under their arms.

NEW FOUNDLANDERS ANGRY.

LONDON, May 5.—The progress of the Newfoundland coercion bill in both houses of parliament and the evident intent of the imperial government to push it through are bringing matters to a head. The Newfoundlander delegation. They are deeply incensed at Lord Knutsford's speech in the House of Lords last night, which they declare contained shameful representations. They are hopeful that this arbitrary action will be checked in the House of Commons. They have appealed to Mr. Gladstone for help. He is undecided, but is privately urging the government to make a compromise with the colony. It is certain that some Conservative members will support Newfoundlander. The most significant statement of the delegates is that if the bill is passed a scheme to render it abortive is ready, the features of which they decline to make known at present.

TRIPLE TRAGEDY IN IRELAND.

LONDON, May 5.—A horrible affair is reported this morning from South Port a watering place on the Irish Sea, near Breston, where a Mr. Sawyer, a well-to-do man, was attacked by an Italian named Cummins. The assault was sudden and apparently unprovoked. The Italian used a knife with terrible effect. Mr. Sawyer defended himself with a chair until it was smashed in the struggle, when his wife and daughter tried to rescue him. Cummins drew a revolver and fired upon all three, following up his shots with his knife, and then fled. The wife and daughter are dying, and Mr. Sawyer cannot recover from his injuries. It is reported that the assassin has been captured.

RUSSIA AND THE ROTHSCHILDS.

LONDON, May 5.—According to a St. Petersburg dispatch the Russian government accedes the idea of the Rothschilds' withdrawal from the Russian loan for any sentimental reason. The Rothschilds and others have signed a contract with the Russian government for a loan of 800,000,000 francs to convert certain 4 per cent. funds into 3 per cent. bonds, redeemable in fifty-two years. To repudiate such a contract would be a serious matter for the Rothschilds.

## NOT A MAN INDICTED

The New Orleans Grand Jury at Last Reports.

O'MALLEY IS SEVERELY CRITICISED

But the Citizens of New Orleans Who Agree and Vote to Support the Grand Jury are Severe on the Mafiosi are Regenerated from Causes.

NEW ORLEANS, La., May 5.—The long delayed report of the Grand jury in the international affair of the parish prisoners, March 14, was presented late this evening to Judge Marr. It justifies the citizens and presents no indictments and is signed by all the jurors. It is a voluminous document of 8000 words. It accuses the Mafia in a vigorous manner. O'Malley it says in part: "Taking into account the volume of testimony admitted by numerous witnesses before the Grand jury and considering the evidence, we are forced to the conclusion that D. C. O'Malley is charged with knowledge and participation in most if not all of the unlawful acts in connection with the case, with his skill as acquired by years of experience, his most cunningly devised schemes were planned and executed for defeating the legitimate course of justice, the chief aim and object being to bring unworthy men upon the jury on trial of nine of the accused. Without his assiduous and corrupting influence we believe that the verdict would have been radically different, and as a natural consequence the tragic occurrence of March last never would have occurred."

In the persons of the indicted McCrystal and Conney there were two reliable and trained assistants. The former's connection with the crime extends back through several years. McCrystal's voluntary statement to the grand jury, partly in the shape of a confession, reveals some of the startling points of the trial, and causes us to think that he would have told more for the power and influence of O'Malley and his associates.

RIOT AT CLEVELAND.

Two Men Hurt in an Encounter Between Union and Non-Union Shoemakers.

CLEVELAND, May 5.—The trouble on the lumber docks has broken out afresh. An encounter between union and non-union lumber shovers took place this morning at N. Mills &amp; Co.'s dock.
